First Tuesday of every month 7:00 PM
Park Pontiac, upper boardroom (unless otherwise announced)

Editor's message

I hope everyone had a joyful holiday season. Mine certainly was (it always helps when you get a little K&N under the tree!). I also got my driver's seat repaired, now if only I could remember to take the screwdriver out of my back pocket before getting in.

This is my first official newsletter as the editor, although I have been doing them un-officially for the better part of a year (insert credit to my wonderful wife Joanne for all the help, as well as my team of three expert folders/stuffers/lickers). I can't help but reminisce about all the positions I have held with the MPA...activities, treasurer,

president, now past president and editor, but my first position was my favorite...trouble making Member-At-Large (MAL). If you hold the position of MPA MAL, here is your job description:

- ?? Attend meetings whenever possible, and have fun
- ?? Come out to social events and have fun
- ?? Go out to car shows, whether as a participant, or spectator, and have fun
- ?? Volunteer to help with activities (like the bomber parking lot) and have fun

This time of year used to be somewhat quiet for the club, but there's a new social director in town, and she means business! We can look forward to some fun evenings out, as well as activities with the kids.

If you are fortunate enough to get Speedvision, you can see the "My Classic Car" episode featuring our 2001 Grand MB Charities Autofest, on May 5, episode #026105. By the way, I am looking for an invitation to watch at someone's house....I got cut off at home (speedvision that is), I'll bring snacks, and I promise to behave, clean up and leave when asked.

Here' a big one!

The weekend of March 22 is the World of Wheels, and it will be big for us. As well as featuring some gorgeous cars (a definite F-body slant this year, not that there is anything wrong with that), we will get to use our shiny new display set-up. Make sure to come out, it will be worth it!

Member spot light: Wes Grycki

Which special interest car(s) do you currently own?

"I have a 56 Pontiac. This car was purchased new by my Great Grandfather. He picked it up at

the factory in Oshawa, Ont., just in time to use for his wedding. He kept the car until 1967, at which time my father drove it for about four years. It was parked from 1971, until I started working on it. The body is now done, and the interior is being done now, hoping it will be ready for my graduation in 2002. The engine is all original."

What attracted you to this club?

"Mrs Johnson told me about the club and convinced me to check it out. "

If you won the "BOP lotto", what car would you chose?

"Tough question, probably a 57 Pontiac convertible".

Tell us a little about yourself, your family, job, other interests

"I am a high school student, grade 12. President of the student council, and enjoy playing the guitar. I live on the farm, with my parents, which keeps me busy, although I am looking for a P/T job."
